

Chuck & Pepper

# LISTEN FOR SPRING!

Spring is the time of year when nature wakes up from its winter nap. Let's step outside with Chuck and Pepper, close our eyes, and listen as spring comes to Wyoming.

When they hear a nature sound,  
Chuck and Pepper try to mimic it. Can you try, too?

## WHAT DO YOU HEAR?

### Water sounds

Can you hear snow melting, rain dripping, or water trickling? What does it sound like?

### Bird sounds

Can you hear birds chirping, hooting, or calling? What does it sound like?

### Wind sounds

Can you hear the wind whooshing around you? What does it sound like?

### Animal sounds

Can you hear animals barking, mooing, croaking, or yipping? What does it sound like?

### Insect sounds

Can you hear bugs buzzing, humming, or clickety-clacking? What does it sound like?

### Tree and plant sounds

Can you hear leaves rustling or grasses crunching as you step on them? What does it sound like?

### People sounds

Can you hear the people around you enjoying the spring? What do they sound like?
